Perennials[®] Suits Up with Dapper New Menswear-inspired Fabric Collection

Sharp new series introduces seven new qualities and four new colorways

DALLAS, Feb. 7, 2017 – [Perennials Fabrics[®]](#), a leader in the international design industry and the preeminent provider of luxury performance textiles and accessories, has announced the debut of *Suit Yourself*, a new collection of sophisticated fabrics inspired by the clean-cut, masculine look of a well-tailored suit. *Suit Yourself* introduces seven new qualities ranging from rugged chenille to sleek velvet. The collection, which is comprised of interior-driven colors such as soft neutrals and subtle nuances of blues and grays, also debuts four new colorways: Shale, Bluestone, Flintstone and Seal.

Suit Yourself boasts a striking mix of clean lines, slick patterns and rich, textural designs. Dashing Dapper features a handsome geometric pattern, perfect for layering texture on texture as upholstery, drapery or pillows. It is available in seven colorways, including the lustrous favorite, Nickel. Dot, Dot, Dot... draws inspiration from architectural motifs. This upholstery weight textile features an enchanting micro dot pattern and is available in six colorways.

Designed to give a subtle edge to any project, **Check Mate** combines coolly conventional and modern elements with this tone-on-tone menswear plaid. Reminiscent of a glen plaid, Check Mate is a sharp, sophisticated nod to this classic styling in five colorways, such as the lovely Vintage Blue and popular White Sands.

Big Softy and **Hurly-Burly** add sartorial elements to the collection. **Big Softy** takes a walk on the plush side with an incredibly soft-to-the-touch velvet. This beautifully rich fabric has a luxurious hand with a luscious drape, and is available in five eye-catching colorways, including the cool new Bluestone and sleek Seal. **Hurly-Burly**, a rugged chenille ottoman, displays a full-bodied, masculine texture and is available in six colorways.

The light and airy **Bubbly** is a confident, almost-effervescent take on an animal print. Available in four colorways, including the new subtle Shale, this extraordinary fabric is ideal for stunning upholstery in any setting. Inspired by a block-printed motif, **Back on Track** is woven to achieve a vintage, aged effect and is available in seven colorways.

"We are thrilled to debut our *Suit Yourself* collection of fabrics," says Ann Sutherland, president of Perennials and Sutherland, LLC. "The menswear-inspired look is becoming increasingly prevalent in home décor and is widely being used in modern living spaces. The strong presence and bold simplicity of this classic style are showcased elegantly in our new collection. This confident grouping of fabrics is reminiscent of a custom-tailored suit with sharp, clean lines, classic patterns and neutral colors – masculine appeal with an air of tradition."

Perennials has also updated several favorite rug patterns with new colorways designed to complement the *Suit Yourself* collection. The **Straight & Narrow** flatwoven is now offered in the classic Grey Matter, with a crisp, high-contrast pinstripe motif. The **Line Dance** flatwoven in Vintage Blue features clean lines

and a distinct, contemporary look, and the **Outer Limits** flatwoven is presented in the elegant Shale. The modern herringbone pattern of the **Dazed and Diffused** Tibetan knot takes on a quiet tone in the new Shale colorway.

Woven from fine 100% solution-dyed acrylic yarn, these fade-, mildew- and UV-resistant fabrics and rugs are able to brilliantly stand up to life's everyday adventures without sacrificing great design, making them uniquely suited to fit beautifully with any indoor or outdoor aesthetic. All Perennials fabrics are independently tested and certified in accordance with industry standards, including resistance to soil, water, UV radiation, tearing and abrasion. They are also bleach cleanable and easily maintained. With the exception of Big Softy, which still boasts a protective soil-resistant finish, the fabrics in this collection feature Perennials' Nano Seal™ finish for extra protection against the elements. More than just a coating, Perennials Nano Seal™ is molecularly bonded with the fibers providing long-lasting protection even after repeated washings.

Perennials® *Suit Yourself* collection is available to interior designers and architects through fine showrooms worldwide. To view the full collection, visit www.perennialsfabrics.com. High-res images are available upon request.
